Professional Summary

Front-End Developer with over 2 years of experience designing, developing, and implementing user interfaces and web applications. Proficient in HTML, CSS, JavaScript, and React.js, with hands-on experience in responsive design frameworks such as Bootstrap. Demonstrated ability to create highly interactive, dynamic, and user-friendly web applications that enhance the user experience. Passionate about creating clean, efficient code and staying current with the latest industry trends and technologies.

Technical Skills

- **Languages**: JavaScript (ES6+), HTML5, CSS3

- **Frameworks/Libraries**: React.js, Bootstrap, Material Ui react

- **Tools & Technologies**: Git, Visual Studio Code, Webpack, REST APIs, npm

- **Responsive Design**: Bootstrap, CSS Flexbox, CSS Grid, Media Queries

- **Testing & Debugging**: Chrome Dev Tools, ESLint

Professional Experience

Front-End Developer

[Nexgile Technologies] – [Hyderabad, Telangana]
[Oct, 2022 – Present]

- Developed and maintained a responsive and accessible front-end for a complex, customer-facing web application using React.js, JavaScript, HTML, CSS, and Bootstrap, resulting in a 30% increase in user engagement.

- Collaborated with the UX/UI team to integrate design mock-ups, achieving pixel-perfect layouts and a seamless user experience across multiple devices.

- Optimized web components and applied lazy loading in React to improve application load times, reducing average page load time by 25%.

- Ensured cross-browser compatibility and mobile responsiveness through media queries and Bootstrap, delivering a consistent experience across devices.

- Utilized Git for version control and project collaboration within a multi-developer environment, ensuring a streamlined and efficient workflow.

Front-End Intern
[Kreayotoo Solutions] – [Hyderabad, Telangana]
[Oct, 2021 – March,2022]

- Assisted in building interactive web pages using HTML, CSS, JavaScript, and jQuery, supporting the senior development team on key projects.

- Implemented responsive web design principles using Bootstrap and CSS Flexbox to ensure optimal display on different screen sizes and devices.

- Performed debugging and troubleshooting for front-end components using Chrome DevTools, resolving UI and compatibility issues for enhanced performance.

- Documented code and participated in code reviews, contributing to a collaborative development environment and maintaining code quality.

Projects

Responsive Portfolio Website

- Created a fully responsive personal portfolio website using React.js, HTML, CSS, and Bootstrap to showcase professional projects and skills.

- Integrated dynamic features such as animations, filtering, and smooth scrolling, enhancing user engagement and ease of navigation.

E-Commerce Product Page (React.js)

- Developed an interactive e-commerce product page using React.js, enabling product filtering, sorting, and dynamic loading for improved user experience.

- Connected to a RESTful API to fetch and display product data, allowing real-time updates and streamlined information retrieval.

Education

Bachelor of Science in Computer Science
[Chebrolu Engineering College] – [Guntur, Andhra Pradesh]
[Aug, 2021]
